

OSSANZ /MEDTRONIC Travelling Fellows Scholarships

Guidelines for Selection

Selection will be dependant on:

- The applicants ability to demonstrate the benefits of his/her further studies/experience to the surgical community in Australasia
- The applicants ability to provide a clear plan of their proposed studies emphasizing the benefits to be gained
- Inclusion of confirmation letter from the institutional of intended appointment with regards to any funding provided

Consideration will be given to those:

- In their earlier post Fellowship years (i.e. attaining FRACS in the last ten (10) years)
- Having secured structured appointments to established units over less structured proposals
- Who have not secured alternate financial support

Reporting and Other Requirements

On completion of the Scholarship, the recipient is required to:

- Following their return, provide a written report on their experience and be prepared to present a brief descriptive paper at the OSSANZ Annual Scientific Meeting
- Prepare a paper suitable for publication in any OSSANZ publications and the OSSANZ website
- Ensure that these reports / papers include copies of Abstracts submitted and also ensure that these reports / papers provide a descriptive report on what the recipient gained out of attending the Conference in question
